

## Cardiac Surgery Nursing Standards of Practice and Certification Review

### LEARNING OUTCOME:

The participant will be able to identify current standards of cardiac surgery nursing practice and apply them to selected patient conditions.

### OBJECTIVES:

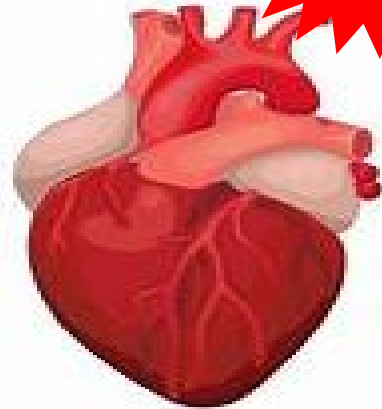

Upon completion of this workshop, participants will be able to:

- Discuss the nurse's role related to various procedures related to cardiac surgery care.
- Identify the signs, symptoms and interventions for complications that could occur when caring for a cardiac surgery care patient.
- Discuss the nurse's role related to select therapeutic interventions in cardiac surgery care.
- Discuss the nurse's role related to select monitoring/diagnostic interventions in cardiac surgery care.

### FACULTY:

**Sophia Pan DNP, CNS ACCNS, AG; CCRN, CSC, RN** has been working in cardiac care since 2016. As a bedside nurse, she is heavily involved in Education. Currently as a CNE, she is a subject matter expert, keeping abreast of the latest trends and sharing them with her staff. She has also served as a graduate assistant at Johns Hopkins for more than six years which provided her with a variety of teaching experience.

*Note: The instructor for this program is contracted through Quality Training Solution Corporation (QTSC).*
